Saudi Vision for Health Care

Dr. Bandar Alsaedi
Vice President for Operation, AMI Saudi Arabia Ltd.
Board Member of the Saudi Society of Health Administration
ولا زلت احلم بأن أركب أي طائرة قادمة من الرياض إلى #حائل دون أن اشاهد اكياس الأدوية...
حلم بحول الله يتحقق مع سياسات وزارة الصحة الجديدة...

Translate from Arabic
Article 27

“The state guarantees the rights of the citizen and his family in case of emergency, illness, and disability, and in old age”.

Article 31

“The state takes care of health issues and provides health care for each citizen”.
The Saudi Healthcare System was established by a Royal Decree in 2002;

aimed to insure the provision of comprehensive and integrate health care to all citizens in an equitable, affordable, and organized manner
Current Structure of Healthcare System

WORLD QUALITY DAY 2017
The Saudi Quality & Patient Safety Club
Challenges to Saudi Arabia’s Healthcare System

- Considerable increase in population.
- Funding.
- Unhealthy lifestyle of the population and change in disease patterns.
- Healthcare services provision in Hajj season.
Challenges to Saudi Arabia’s Healthcare System

- Shortage and maldistribution of health professionals and facilities.
- Quality of healthcare services.
- Unreliable public primary healthcare service.
- Lack of Health Information System in healthcare settings.
National Transformation Program 2020

Strategic Objective (1)

Increase private sector share of spending on health care

KPI

Percentage of private sector in contribution in total health spending

Acceptability
Equitability
Timely
Enhance optimum utilization of resources

KPI
Average value of operating expenses for every new inpatient admission

Efficiency

Strategic Objective (2)
National Transformation Program 2020

Strategic Objective (3)

Increase use of Information Technology

KPI

Parentage of Saudi citizens who have a unified electronic medical record

Efficiency Effectiveness Safety
National Transformation Program 2020

Strategic Objective (4)

Increase training and development opportunities for physicians in local and international institutes

KPI

Number of Saudi resident physicians who are enrolled in training programs

Effectiveness & Safety & Patient-Centeredness
National Transformation Program 2020

Strategic Objective (5)

Increase numbers of Saudi nurses and health allied professionals

KPI

Number of Saudi nurses/health allied professionals per 100,000 population

Effectiveness Nationalization
National Transformation Program 2020

Strategic Objective (6)

Improve healthcare services in ER and ICU

KPI

Safety Timely Effectiveness

Percentage of patients who receive emergency or urgent care with medical decision (admission/transfer/discharge) in less than 4 hours
National Transformation Program 2020

Strategic Objective (7)

Improve healthcare services in primary care centers

Number of annual visits per capita to primary care centers

KPI

Public Health Accessibly Efficiency Effectiveness
National Transformation Program 2020

Strategic Objective (8)

Improve infrastructure, facility management, and safety standards in healthcare facilities

KPI

Number of licensed MOH and private medical facilities

Safety Effectiveness
National Transformation Program 2020

Strategic Objective (9)

Attain acceptable waiting time across all stages during health care delivery

KPI

Percentage of appointments given in medical specialty within 4 weeks (average for all specialty clinics)

Acceptability
Timely
Effectiveness
National Transformation Program 2020

Strategic Objective (10)

Improve governance in healthcare system to enhance accountability with regards to quality and patient safety issues

KPI

Percentage of healthcare facilities providing performance and quality reports

Effectiveness Safety Accountability Performance
National Transformation Program 2020

Strategic Objective (11)

Adopt national plan for emergency response to public health threats according to international standards

KPI

WHO emergency readiness assessment score

Public Health Crisis Management
National Transformation Program 2020

Strategic Objective (12)

Identify additional revenues

KPI

Total revenue generated from private sector

Efficiency

Acceptability

Equitability

Timely
National Transformation Program 2020

Strategic Objective (13)

Improve public health services with focus on obesity and smoking

KPI
Percentage of smoking incidence
Percentage of obesity incidence

Public Health Efficiency
National Transformation Program 2020

Strategic Objective (14)

Improve healthcare services provided to patients after discharge from hospitals

KPI

Accessibility
Effectiveness
Efficiency

Percentage of patients who receive home care, rehabilitation care, and long-term care within 4 weeks of discharge
National Transformation Program 2020

Strategic Objective (15)

Improve safety principles

KPI

Parentage of hospitals that meet the US median rate for patient safety culture

Safety
Model of Care

- Preventive Care
- Chronic Disease Care
- Elective Care
- Maternity & Child Care
- Palliative Care
- Emergency Care
Ultimate Goal
يظل القطاع الصحي من أبرز اهتماماتنا، فالدولة مسؤولة عن توفير الرعاية الصحية اللائقة للمواطنين، ولقد اواصلنا توفير أوجه الدعم لهذا القطاع، البشرية والمالية، مما أسهم في رفع مستوى هذه الخدمة مع تطلعنا إلى استمرار الارتقاء بها.
Thank you:
